

NEWS LETTER

"Trusted Professionals
Supporting Your Business"

Happy New Year

★ Even though R22 air conditioning products are no longer available from the factory we still have some of these products in our inventory at great prices. They will be available on a first come first serve basis.

★ Goodman is now shipping their new compact 80% furnaces. This new unit is only 33-3/8 inches high and will make a big difference on those tight basement air conditioning installations.

★ HVAC will be conducting NATE certification classes. Watch for our class schedule in next month's new letter.

Goodman Service School

HVAC will be hosting a factory service school this month covering the new high efficiency communicating furnaces and air conditioners. Everyone is urged to attend this highly informative session. The classes will be from 3:00 to 7:00 with food provided, Dates by branch are as follows:

Ft. Collins ----- Monday January 18th
 Denver ----- Tuesday January 19th
 Eagle ----- Wednesday January 20th
 Colo Springs ----- Thursday January 21st

Please contact your nearest HVAC branch to register. A \$25.00 per person "No Show" deposit will be required. This deposit will be refunded at the time of attendance.

FACTORY PROMOTIONS:

★ **Buy 10 Get \$500.** Goodman & HVAC are offering our dealers an incredible promotion from October to February 28, 2010. Ask for a "Goodman Card". Each time you buy a Goodman or Amana compressor bearing unit or gas furnace (rooftop units count as 2) we will mark your card. When you have 10 units showing on the card turn it in and receive \$500 off your next Goodman purchase. Offer is good only for will call orders. Contract pricing or special quotes do not qualify for this program.
