Extended summer hours

Please note that HVAC supply will be observing summer hours beginning May 1, 2010 through Labor Day. During this time, all HVAC Supply locations will open at 7:00am (M-F)

Copper pricing volatility

The commodity market for copper has been very volatile recently which affects our product pricing customers receive. Please be aware that your pricing may vary depending on market conditions, but that we are doing everything possible to keep pricing low and level.
