JUNE 2009

XCEL Rebate Program

It was our understanding at the outset of the air conditioning rebate program that the installing contractor must sell a new variable speed furnace with each new air conditioner installed. XCEL has changed their policy to include a variable speed furnace that was purchased and install within the past 12 months. Since this is a XCEL program, we urge you to get in touch with Ann Kirkpatrick at 303-294-2943 or annkirkpatrick@xcelenergy.com with any questions.

Summer Hours

Please note that we will be providing extended hours of operation beginning Monday, May 18th. All locations will be open Monday through Friday from 7:00am till 4:30pm

Fujitsu Training

Fujitsu General is providing an online service training program starting in June. We highly recommend that all contractors attend these classes. Please call your local branch manager or Dave Engel at our Broadway store for any additional information.
